So many people joined with us and raised their concerns for child rights and “AAHAR Yojna” in a heart-felt address. A National Level Case study at IIM, Raipur has support and replied with their best with momentum that appreciated us. Now we are certified for FCRA. Overall look of our document. We applied for 12A, other projects and other certification…we move forward to electronics media for better transparency and accessibility that we launch our website where everyone and everything you can verify all our documents and details. We create pictures, charts, and diagrams; it also coordinates with your current scenario.
